

4 SIMPLE STEPS

to a digitised future

Save time, money and the environment with Sabinet's Digitisation solution.

With over two decades of knowledge accumulated through the management of our own digitisation projects, and those of clients, the team at Sabinet has extensive experience in specialised and customised digitisation services to make content available electronically.

Make your physical and printed materials available electronically for easy access:

EXPERT SCANNING

Preserve your content quickly and effortlessly. From books and loose leaves to rare, fragile or unique original items.

DOCUMENT PROCESSING

We don't just scan your documents, we tag them appropriately according to your needs and process your digital images for optical character recognition (OCR).

METADATA SERVICE

Add metadata for easy retrieval and in-depth indexing according to whatever is required – origin, purpose, time, geographic location, creator, access, or terms of use of the data.

CONTENT MANAGEMENT SYSTEM

CONTENTdm® is a service that helps you to make your digital collections available on the internet, quickly and easily.
