

HOW TO LINK TO INDIVIDUAL ACTS IN NETLAW

Paste the link where you want this link to appear on your intraweb. It should look something like this, but obviously differing with the name and number of each act.

<https://discover.sabinet.co.za/webx/access/netlaw/Abattoir%20Hygiene%20Act%20121%20of%201992.htm>

PLEASE NOTE

This will only work if you have IP authentication set up.

It will not work if you were using embedded userid's and passwords before.

We can only open up static IP addresses (IP's that remain the same). If you are logging on with 3G or ADSL it will not work, since these IPs change all the time.

Go to <https://discover.sabinet.co.za/whoami> and send a print screen of what you see to info@sabinet.co.za requesting that we open up your IP address. This can only be done if your IP address is static. Please confirm with your IT department before requesting that your IP address be added.

When you click on the link for the first time you will be prompted for a userid and password if you don't have IP authentication. Put in the userid and password. Subsequently it won't be necessary as long as you visit the Sabinet Legal Platform at least once every 30 days.

Please find the links to the NetLaw Acts below which you can replace with the current links on your Intraweb.
